Dear John:

I want to encourage you in your task of furnishing leadership for **Kairos**. I have worked a lifetime around jails, prisons and churches (44 years). For 20 years of that time, I was a staff chaplain in a major prison and for 10 years, I was in the Texas Department of Criminal Justice Director of Chaplains Office. After my early retirement, I have now worked for the churches in Texas 11 years developing ministry to the "justice arena."

I can tell you that the best ministry that I have seen is **Kairos**. I am very happy to have my name associated with Kairos Prison Ministry. I recommend it to everyone to whom I speak about prison ministry. **Kairos** produces more changed lives than any ministry that I know about.

It is my prayer that your work will exemplify God's Grace through this great ministry and that you will be able to make it available to more and more people.

Grace and Peace,

Emmett Solomon, Director
