

We Have Decided to Serve Your Dinner

(Sung to "I Have Decided to Follow Jesus")

We have decided to serve your dinner
We have decided to serve your dinner
We have decided to serve your dinner
No turning back, no turning back.

The tables before us, the kitchen behind us
The tables before us, the kitchen behind us
The tables before us, the kitchen behind us
No turning back, no turning back.

Though it might look strange, we still will eat it
Though it might look strange, we still will eat it
Though it might look strange, we still will eat it
No turning back, no turning back.

Please pass the bromo or else the Malox
Please pass the bromo or else the Malox
Please pass the bromo or else the Malox
No turning back, no turning back.
