

KAIROS ENDORSEMENT

Here on earth we are often looking to be rewarded for some reason or another. We might do extra work for a bonus, we might spend a dollar hoping to get rich from the lottery, and we sometimes find ourselves hoping and praying for that little something extra to make our lives easier. Perhaps we could put some of that same kind of effort into enhancing ours, and others spiritual lives.

Kairos exemplifies helping the lives of others. Choosing to serve God and others often places limits on our present way of living. But it opens us up to a limitless future—an eternal future in God's eternal dwelling place. Kairos volunteers steadily invest the time, and talents, and treasures that God entrusts to us to help build up his Kingdom. It's through these actions that Kairos volunteers witness to being prudent, trustworthy children of the light!

If we follow Jesus and we believe as we should, we will gain the greatest reward of all. We will gain the promised eternal happiness and joy of being united with God in the Kingdom of heaven.
