Kairos Prison Ministry International Overview

Kairos Prison Ministry International, Inc. (Kairos) is a Christian faith-based ministry which addresses the spiritual needs of incarcerated men, women, youth, and their families. By sharing the love and forgiveness of Jesus Christ, Kairos hopes to change hearts, transform lives, and impact the world. Kairos sprang from the Cursillo movement and is supported by volunteers from the 4th Day movements such as Cursillo, National Episcopal Cursillo, Anglican Fourth Day, Presbyterian Cursillo, Lutheran Via de Cristo, The Upper Room's Walk To Emmaus, and independently ecumenical Tres Dias as well as volunteers from denominational, independent, and non-denominational Christian churches. As a ministry, Kairos embraces a diverse group of Christian volunteers working together to fulfill Christ's call to action in Matthew 25:36.

Kairos is a ministry of the church ... a ministry of the apostles whom Jesus, the Christ, has called into community and sent forth into the environment of the correctional institution. Kairos has been called the best example of the early church in existence today.

The Kairos program incorporates curriculum designed to build and encourage pro-social character and behavior. The U.S. spends over $81 billion/yr. to keep 2 million inmates incarcerated, with a total estimated cost of $182 billion cost to state and federal governments and the families (2017 Prison Policy Initiative) The Kairos program is offered at no cost to State and Federal Institutions. It has been said that it cost the government $1 million to keep "me" locked up and a $100 program from Kairos set "me" free.

Kairos Prison Ministry International, Inc. is a 501(C)(3) not-for-profit corporation chartered in the State of Florida. Kairos Prison Ministry is an accredited member of ECFA.

The word, Kairos, is a Greek word meaning in God's Special Time or in the Fullness of Time indicating an opportunity for our Participants and Guests to re-consider their life choices - as hearts are changed, inmates begin to take responsibility for their actions - it's like a front row seat at a miracle - transforming lives and impacting the world.

Kairos Prison Ministry began in Florida in 1976 at Union Correctional Institution. By 1990, there were 53 programs presented in eleven states. At the millennium year 2000, there were 246 programs in medium and high security institutions in 28 states, Canada, England, South Africa, and Australia vigorously maintaining active Kairos ministries. At the beginning of 2014, there were more than 435 programs in 34 states plus 9 international countries including Canada, United Kingdom, South Africa, Australia, Costa Rica, Dominican Republic, Honduras, Peru, and Nicaragua. Currently, Kairos is in 37 U.S. states and 12 international countries (Australia, Canada, Costa Rica, Dominican Republic, Honduras, Kenya, Malawi, Nicaragua, Nigeria, South Africa, Uganda, and United Kingdom with over 500 programs.
There are three core programs of Kairos Prison Ministry:

*Kairos Inside* (Men and Women) program brings positive and negative leaders of the institution together for a 3 ½ day Weekend of carefully coordinated talks, discussions, chapel meditations, and music led by a same-gender team of volunteers. Kairos Inside conducts follow up ministry that strives to build the Christian community inside the institution where the Kairos community prays and fellowships together on a regular basis and with monthly reunions.

*Kairos Outside* is a program designed for women who have been impacted by incarceration. The families of the incarcerated ‘do time’ right along with their relatives/friends – often a lonely vigil of shame and isolation. Kairos Outside provides a safe place for these women to honestly confront their pain and begin healing, by experiencing Christ’s love through the Weekend experience and in forming their own small group reunions.

*Kairos Torch* offers unconditional love and acceptance, encouraging young men and women (under age 25) to share their life journey through participation in a long-term mentoring process. The program begins with a Weekend retreat in the youth facility and continues with a one-to-one weekly mentoring program over six months with an adult volunteer.

Kairos Prison Ministry is a Christian faith-based ministry utilizing over 30,000 volunteers conducting the ministry daily. These volunteers represent over 3 million hours of volunteer work with an annual value of over $36 million.

**Better Together**

Better Together is Kairos three programs Kairos Inside, Kairos Outside, and Kairos Torch working together to impact on individuals, families, and society.

There is 2 million men and women incarcerated in the U.S., with 2.7 million children with a parent in prison and 10 million children having experienced parental incarceration in their life, and many are being raised in foster care or by other family members. Seventy percent (70%) of all youth incarcerated have one or more of their parents incarcerated. The women of the adult or youth incarcerated are impacted in many ways: financially, housing and loss of family. They also experience rejection, shame, isolation, and anger. We say they are “doing time on the outside.” Hence the individual and the entire family are dramatically impacted by having a loved one incarcerated. We know being connected to their family helps the person inside (adult or youth) adjust to the current situation and with reentry and recidivism in the future.

Reentry for the incarcerated person should start on the first day they enter prison and not on the last day. Four key items that need to occur while incarcerated to help improve reentry and recidivism are: Education, Job, Programs, and Family relations. Kairos helps motivate people to improve their situation and to seek education and work skills. And our programs change lives while directly impacting family relations in a way that few can address.
Kairos Inside and Kairos Torch are programs that help the incarcerated with their journey with a focus on sharing the transforming love and forgiveness of Jesus Christ to bring about life and behavior changes. When the individual changes there is an enhanced opportunity for the person to be a better spouse, sibling, child, and friend while incarcerated and when they return to the family and society. Kairos Outside shares that same transforming love and forgiveness of Jesus Christ and help women impacted by incarceration on their journey of life and behavior changes. That is the impact of each program on an individual.

As each individual is impacted by participating in Kairos, we know it impacts the family directly as they see their loved one change and hear of their life changing experience. When the incarcerated adult or youth that goes through Kairos Inside or Kairos Torch and the women in their lives go through Kairos Outside, they have a parallel experience. This provides a common bond and shared experience that can create a unique exponentially positive impact on each person and on their family unit. This parallel experience can enable unity, positive dialogue, new beginnings, restoration and hope today and in the future for the individuals and family.

When the programs work together to promote each other, Kairos connects the families through individual participation in each program and can enhance the positive impacts on the person, family, and society. Therefore, Kairos Inside, Kairos Outside and Kairos Torch are Better Together.

The power of each program independently to work on an individual life and indirectly on the family is dramatically enhanced when we more purposefully connect the programs by simply promoting to each graduate/participate of one program to encourage their family member to go to the other program. The impact of positive change for those inside and family members is not additive but exponential. Hence, we have a unique opportunity without changing anything in our programs by better connecting them, which will have a direct positive impact on the individual, family, and society. Kairos programs are Better Together!

We will continue to promote the full program of Kairos, which is the Weekend and Continuing Ministry. When we do the full program well, we can make an even greater impact by promoting the family engagement and encouraging a persons loved one to attend another Kairos program. It is an opportunity for Kairos Inside, Kairos Outside, and Kairos Torch to work together to support attendance at continuing ministry events and make an even greater impact.

Purposefully connecting the Kairos programs to be Better Together helps Kairos accomplish our mission to share the transforming love and forgiveness of Jesus Christ to impact the hearts and lives of incarcerated men, women, and youth, as well as their families, to become loving and productive citizens of their communities.
“...I was in prison, and you visited me.”  (Matthew 25:36)

Kairos Prison Ministry Core Values guide our behavior and actions as a board, staff, and volunteers:

**Lay-led, Christ Centered Ministry**

We are Christians who believe in the Holy Trinity and honor and live the teachings of the Bible and our Lord and Savior, Jesus Christ. We conduct the ministry while inviting all to attend as Guests or Participants in Weekends and program specific follow-on activities to build Christian Community.

**Empowerment while Building Accountability**

While we empower the local volunteers to conduct the ministry, we are accountable to excellence and performance at the highest standards and authority of the ministry. We empower Guests or Participants to be accountable for their lives and be transformed by Jesus Christ.

**Continuing Ministry Model to Build Community**

We believe in the importance of enabling relationships to build community, thus our model includes the Weekend experience followed by Guests or Participants gathering regularly for accountability, support, and prayer. The full complement of the well-defined returning model is necessary for the community to prosper.

**Respect and Love**

We believe in respecting each person with dignity while modeling Christ love. We practice ‘Listen, Listen, Love, Love.’

**Stewardship**

We believe that we must be good stewards of our ministry’s programs, funds, and resources, as well as our personal time, talent, and treasures.
Statement of Faith

The people of Kairos are called by God to share the love of Christ with those impacted by incarceration. Kairos encourages believers from a variety of Christian traditions to be volunteers in this Christ-filled ministry.

Kairos programs offer to prison residents, their families, and those who work with them, the opportunity to receive God’s forgiveness through faith in Jesus Christ, and to grow in their faith and servanthood in Christian community.

We stand on the common ground of the following elements of faith:

We in Kairos believe:

- The Bible is God’s authoritative and inspired word for our faith and our lives.
- In the Trinity of the Father, Son and Holy Spirit.
- In the deity, death and resurrection of Jesus Christ.
- Friendship with God is a free gift, for God so loved the world that He gave His one and only son so that whoever believes in Him shall not perish but have eternal life.
- The love of Jesus Christ motivates His followers to provide food for the hungry, drink to the thirsty, welcome to the stranger, clothes for the naked and visits to the sick and those in prison.
- In sharing the love and forgiveness of Jesus Christ with all incarcerated individuals, their families and to those who work with them inside and outside the correctional institution.
Overview of Correctional Ministry Environment

The U.S. is the largest incarceration country in the world. While the U.S. represents 4.4% of the world’s population, it houses around 22% of the world’s prisoners.

There is 2 million people in custody in the United States at any one time, with over 3.0 million more on probation. These systems hold 2 million people in 1,566 state prisons, 102 federal prisons, 2,850 local jails, 1,510 juvenile correctional facilities, 186 immigration detention facilities, and 82 Indian country jails, as well as in military prisons, civil commitment centers, state psychiatric hospitals, and prisons in the U.S. territories. The States and Federal government alone spend almost $81billion on incarceration annually. This chart shows the breakdown of prisons and reasons for incarceration.
Impact of Covid

In 2020, the prison population dropped by 15% (jails dropped 25%). This could appear to be a positive trend; however, the numbers are increasing again as the legal system is running again. It is projected that little positive impact on prison population reduction will be seen long term. This projection is because there were no policy changes that caused the Covid year drop. It seems the prison drop overall was because of a reduction in people being sent to prison during the pandemic due to unintended court delays.

Incarceration varies by state. This also goes hand in hand with locations of prisons and inmates.
Roughly 50 million women that has a family member that has been incarcerated in the US. This poses a wonderful opportunity for Kairos Outside to reach many.

**U.S. Kairos Program Trends**

As shown in the below chart, the growth of the Kairos programs had flattened out across the U.S. from 2008 to 2013. Some of the flattening could be due to a large number of states with Kairos programs in existence.

However, growth began again in 2014, with new Advisory Councils added and growth overall each year since. Kairos Torch loses locations due to closure of youth facilities and alternative sentencing which continue to trend annually and keeps the numbers basically flat historically. Juvenile Justice is striving to provide alternatives to incarceration of youth. In 2018, we had some prison closures and also lost a couple of facilities due to volunteer issues or not being able to operate in the prison. 2019 was the largest numbers for Kairos ever and things were trending up in several areas including Advisory Councils and Weekends.
In March 2020, Covid hit the world and Kairos stopped officially on March 16, 2020. While thinking it was a few weeks event, the impact has been felt through 2023 and beyond. As reopening slowly began in 2021 and 2022 the impact was felt in prisons and volunteers which lead to several restart Advisory Councils, and several closures. Kairos continues to rebuild and work to open facilities that were in place before Covid. Since Covid 24 #1 Weekends have been held through 2023. In 2023, there are still entire States and many prisons within various States where we have still not been allowed to conduct the ministry at all or can just do Continuing Ministry. The good aspect of Covid was more emphasis on Continuing Ministry happened as that was the only way we could enter the prisons again. Kairos Outside slowly reopened also, however, some locations closed due to lack or loss of volunteers. This is because in some areas we relied solely on inmates during Kairos Inside to provide potential Guests and when we could not go into prisons, we lost our source. The need to find alternative ways to locate potential Guests for Kairos Outside became clearer. Kairos Torch continues to have many new location opportunities, but reopening has been slow due to lack of staff and facility changes.

At the end of 2023, Kairos worldwide is at 71% of Weekends as related to 2019. The US was at 71% and international countries was at 74% of 2019. Showing the impact of Covid and staffing issues at facilities to the reopening process.
As shown below out of 50 states, Kairos is currently in 37 with one or more programs. Over the years, attempts to open new states have occurred, however, finding leadership usually halts the process. At any one time, there are some states in the works and prayerfully we will get more opened – at the right time.
Demographics:

The overall breakout of the U.S. population based on ethnicity is shown in this chart. This is US census best guess to splitting Hispanic and Caucasian as many are reported as Caucasian in census.

Kairos strives to be diversified in our ministry. While we are growing in ethnic diversity, we still have opportunity for growth. Information based on EZRA data as of July 2023 from KairosMessenger.

Realizing many Hispanics are named as Caucasian in US census and in our data, it is difficult to get a true read. Kairos percentage black is close to the US population percentage thus tracking well.
Kairos also strives to be diversified by denominational mix of volunteers representing many Christian churches. Information based on EZRA data July 2023 from KairosMessenger.

In some cases, Kairos is only in one facility/community with one program per State. This information is shown by state by program below as of June 2023 Active Advisory Councils. Due to delays in reopening after Covid, we dropped below the 500 locations temporarily. Reopening some locations has been difficult due to lack of correctional officers and staffing. This chart also illustrates the most populous states do have Kairos present today. Overall, this indicates, while growth can occur by adding more states, the exponential growth over time can most quickly occur by adding new Advisory Councils for facilities in the states we currently operate, and by adding programs (Kairos Inside, Kairos Outside, and Kairos Torch) across the states we operate for a holistic program approach. Cross promotion of programs while recruiting and fundraising is a great opportunity within each State.

Current Advisory Council counts by program are shown in the following chart. Pre-Covid Kairos had over 500 Advisory Councils, hence rebuilding is in order for the next few years to restart lost locations as viable.

Current Issues for Kairos

Overall
- Volunteer Recruitment – having enough people
- Leadership Track in place

Kairos Inside
- Prison staffing and Correctional Officer shortage
  - Requests for different times / days
- Prisons going paperless
- Demand is larger than supply (a lot of requests for Kairos that go unfilled)
- Relationships with DOC
  - States have no idea who to contact at upper levels for help
  - Some issues with timeliness of Volunteer Application approvals

Kairos Outside
- Finding potential Guests
- Guest Communication (both before and after the Weekend)
- Active participation in Continuing Ministry

Kairos Torch
- Facility Staffing
- Facilities slow to open after COVID
- Constant revolving changes in youth incarceration / alternative sentencing
- Many facilities asking for Kairos Torch but lack of volunteers prohibits

Growing Trends:

- Prisons are moving to paperless systems
- Use of tablets for information to each inmate with a wide range of vendors
- Lack of Correctional Officers and staffing at facilities creates access limits especially on the Weekends
- Less incarcerated youth but more demand for programs by facilities
- Increased denominational divisions on the Bible, social issues, and politics
- Decline in church attendance
- Several 4th day programs continue to lose momentum

For the next five years (2024 through 2028), Kairos has numerous opportunities to sustain the current ministry and grow for the future. The overall plans to accomplish this are as follows:

**Vision Priorities**

**Vision Priority 1:** Strengthen and focus on the spiritual health of the ministry

**Vision Priority 2:** Sustain and strategically grow the ministry reach and impact through the three programs and inclusive with strong focus on Continuing Ministry

**Vision Priority 3:** Continuous improvement in the ministry health through financial, operational, and program capability with effective communications across the ministry

**Vision Priority 4:** Continual recruitment and retention of qualified Christian volunteers

**Vision Priority 5:** Continual enhancement of Kairos awareness and promotion

**Vision Priority 6:** Optimize the ministry’s success through continued comprehensive training plans

**Vision Priority 7:** Work with approved International locations, as feasible implement a strategic structure and growth plan for new international countries

Within the vision priorities overall goals are developed to continue the movement within the priority each year. A key element of the plan is to continue movement while addressing issues without moving the ministry faster than the volunteer organization can manage.
Vision Priority 1: Strengthen and focus on the spiritual health of the ministry

Kairos strives to grow in our faith, our spiritual life daily. We recognize there are stages of growth: new believer, growing believer, and mature disciple. Paul describes these stages to the believers in Corinth in 1 Corinthians.

New believer: In 1 Corinthians 3:1-2 “Dear brothers and sisters, when I was with you I couldn’t talk to you as I would to spiritual people. I had to talk as though you belonged to this world or as though you were infants in Christ. I had to feed you with milk, not solid food, because you weren’t ready for anything stronger. And you still aren’t ready.”

A Growing Believer: Chapter 3 to 11 focuses on a persons’ actions as if in the world – jealousy, divisions, arguments, focus on self, pride, etc.

A Mature Disciple is characterized by having our faith carried out in our actions. Our prayer, our choices, our motives, our emotions, using our gifts, and our love (God’s agape love) will show our spiritual health. 1 Corinthians 13: 4-8: “Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It is not rude, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, always perseveres. Love never fails.”

Kairos strives to encourage all volunteers to be growing mature Christians.

**Summary of Purpose of the Strategic Plan**

This plan is a work in progress approach where we learn, grow, and accomplish the work. We rarely can demonstrate completion but can make changes necessary to flow with the learning. In many cases, the implementation is dependent on readiness of other items, prioritization of financial resources, and prioritization of the time of staff and volunteers. Therefore, implementation remains somewhat fluid as priorities are defined continually.

The Strategic Plan also builds upon the past to ensure continuity, focus, and best practices are kept while moving the ministry forward to the future.

The purpose of the plan is to have a plan and implement it, while understanding we need to ebb and flow as we proceed forward.

As each year is accomplished, the next year flows off the previous to continue to enhance the ministry, to implement changes as needed, and to grow the ministry in numerous ways. It is also realized a strategic plan is never finished as it rolls year to year; it is however updated as necessary to be current with accomplishments, new information, issues, and opportunities.
