## **Website Orientation for Kairos Volunteers**

The new [www.MyKairos.org](http://www.MyKairos.org) website is up and running, and we thought it only appropriate to give you an orientation of some of the features:

**Home Page** - [www.MyKairos.org/index.html](http://www.MyKairos.org/index.html) - There is a rotating image that randomly changes in the main body of the home page. We will use that to highlight important items of interest to our volunteers. Currently we are highlighting #1 weekends and the fact that the Fall 2011 “*God’s Special Time*” newsletter is available in the Newsroom. There is also an electronic form for receiving the Kairos E-News.

**About Us** - [www.MyKairos.org/about.html](http://www.MyKairos.org/about.html) - Generic, standardized text explaining the basics of the ministry.

**Directory** - [www.MyKairos.org/directory.html](http://www.MyKairos.org/directory.html) - This has several pages with information about the KPMI Staff, Board Members, International Council members, KPMI Foundation Board members and most importantly, the Ministry Map. Hopefully you will find this easy to use. Note the “Click Here to Update this Page” on each state/country page. Use this form to add/correct your state’s information.

**Kairos Kalendar** - [www.MyKairos.org/kalendar.html](http://www.MyKairos.org/kalendar.html) - This is actually 7 calendars all rolled into one with the ability to filter out unwanted information and make it easier to find any information associated with a specific date. Administrative (conferences, meetings, etc), KI Men’s (Men’s Weekends), KI Women (Women’s weekends), KO Weekends, KT Weekends, AKT, US Holidays. Click on the small drop down box in the upper right hand corner of the Kalendar to select or deselect items you don’t want to see. This resets when you reload the calendar. Click on a particular item to display all of the additional information associated with that event, contact info, agape request, and prayer requests, etc. The Report Your Weekend allows Leadership to automatically send us the information for the Kalendar. Please allow us 24-72 hours to update the Kalendar.

**Downloads** - [www.MyKairos.org/downloads.html](http://www.MyKairos.org/downloads.html) - Self-explanatory for each level of the ministry and various key functions.
